

## Pauline Warg - Student Tools and Materials List

Apron

Safety glasses

Paper and pencil

Fine tipped stainless steel tweezers

Graphite pencil (real graphite)

Jewelers hand tools: saw, blades, hand files, sanding sticks.

Solderite, marinate or magnesia blocks

Flex shaft – There are flex shafts at Wildacres but not enough to supply all students. Please bring yours if you can.

If you have them please bring small sifters and small 3 point trivets

There is a \$60 materials fee payable to the instructor. It covers:

Unlimited use of Thompson nonleaded enamels, opaque and transparent

Unlimited use of frit, threads, beads

Lots of copper shapes, 2 gauges of copper sheet and fine copper screening

Fine silver foil

Sparex and Scalex

Wet and dry sandpaper in various grits

Scotchbrite

Handouts and many samples of techniques

The instructor will also have the following tools available for use:

Sifters, tweezers, pics, and trivets

Templates and materials for design techniques

Scorping tools

Scissors & deckle scissors

Diamond tools

Drill bits and flex shaft tools

A variety of pics, points and hand tools for designs

Color board

Tripods with extra heavy duty stainless steel firing screens

Finishing tools

Extra fine tipped stainless tweezers

00 / 000 sable paint brushes

Placemat set ups for each student
